Appeals Court Will Move To W. Palm Beach

Governor Kirk allowed legislation transferring the Fourth District Court of Appeals from Vero Beach to Palm Beach County to become law May 8th without his signature, State Senator Jerry Thomas, D-Lake Park, announced. The bill is effective July 1, 1967.

There are pending in the Senate and House Appropriations Committees bills providing for an appropriation of \$450,000 for the construction of a permanent court building, authorizing its construction and providing for the salaries and expenses of the two additional judges.

The senator pointed out that the city of West Palm Beach has offered a site for the location of the new court building and the county commission has offered to provide quarters for the court in a planned new courthouse building.

"It is most gratifying that the transfer of the Fourth District Court of Appeals is now a reality," Thomas said. "The two-year fight to get the court in Palm Beach county, the hub of the heavy case load in the district, will be of tremendous assistance in time and money to the litigants. It will also prove to be a great economic stimulant to the Palm Beach area."

Thomas was able to prevent the passage of a bill in 1965 which would have located the court on a permanent basis in Vero Beach, even though the legislation was co-sponsored by a majority of the members of the House and the Senate.

Kirk was praised by Thomas for allowing the bill to become law and for recognizing the overwhelming desire by the legislature to correct a wrong by a mal-apportioned

Final Meet Pahokee PTA School Year

On Monday, May 8, the last P. T. A. meeting of the 1966-67 school year was held in the Pahokee Junior High School Library.

It was voted and passed that the P. T. A. take no further action in nominating and electing officers for next year until September. At that time, an organizational meeting will be held to decide the future of the Pahokee P. T. A.

The nominating committee, consisting of Mrs. Ralph Johnson, Mrs. Herman Magrill and Dr. R. C. Lane, will appreciate any suggestions as to new officers or if anyone desires to serve in any official capacity for next year, they should let the nominating committee know.

It was also announced that anyone who still has one of the Opinion Poll forms should send it in to Wayne Burdesaw, president, 115 Cypress Avenue, between now and June 2.

Mrs. Magrill made a motion and it was passed that all members of the P. T. A. write an individual personal letter in support of the open letter sent to the Pahokee P. T. A. by the Florida Congress of Parents and Teachers, to their Senators and Representatives regarding the important items now in the Legislature. Personal letters carry more weight than group signed letters in the hands of the legislators.

Following the business meeting an informal open house of the Junior High with visitation of classrooms was held. The parents also enjoyed a program by Mrs. Cartula's seventh grade Spanish class. The program consisted of dialogue and songs in Spanish. Miss Ellen Morgan's junior high band played, very capably, several selections showing much improvement since their start in January.

The room count award went to Mrs. A. R. Harrington in the Junior High and to Mr. R. G. Whiteside's Senior High home room. No room count was taken for the Elementary School.

Refreshments were served at the close of the program and visitation in the cafeteria by Mrs. Vernon McCoy and Wayne Burdesaw.

Rogers Bill Help Students Thru College

WASHINGTON, D. C. — Congressman Paul Rogers today introduced a bill aimed at giving financial relief to parents of college students and to those students who are putting themselves through college.

The Rogers' bill would allow deductions up to \$800 for parents with children in college and give the same benefits to students who are not classified as dependents.

The Bill also provides a step system so that full-time students receive the full benefits, whereas, those enrolled as part-time students would receive less.

Rogers originally introduced this legislation in 1963, and, at that time, made note of the rising cost of college and the increasing number of students who are flooding into the nation's colleges.

"In the past decade, we have seen college enrollments jump 106 percent," Rogers said. "During this time, we have seen the cost to the person paying the bill for a college education jump 19 percent in public schools, and 41 percent in private colleges."

"There has never been any doubt that the future of the nation lays

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

1941—AFTER 25 YEARS—1966 STILL THE STANDARD OF SECURITY

Now—
U. S. Savings Bonds
Pay More Interest
4.15% when held to maturity

Higher interest on the
Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
